TESTIMONIALS

“The summit represents a good opportunity to discover the real applications at an industry and company level, giving an overview of the most popular applications of AI research. There are many benefits to attending a RE•WORK conference!”

Ying Sun - Vanguard

★★★★★

“It was a fantastic event, and I’ve been to many conferences in the past, but this was one especially had good content and quality of speakers”.

Peggy Tsai - Morgan Stanley

★★★★★

“The biggest value (in attending the event) was to find out where AI currently stands in the financial service industry. The opportunities to discover new AI application ideas, to network with professors and industry practitioners was unparalleled”
